

Passion for Temporary Structures

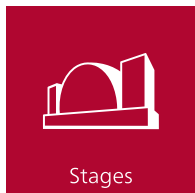

«Metro unboxed» brand pavilion, Dusseldorf

NUSSLI is a global leader in the provision of temporary structures for sporting, cultural and business events. We offer you individually tailored solutions, from the initial concept to final implementation.

NUSSLI

The Best Fitting Product for every Occasion

Temporary event structures by NUSSLI open up new perspectives for your ideas and vision. At NUSSLI, we provide all the structures you require for your event from a single source. At the heart of many of our designs are our proprietary modular construction systems. They are impressive in terms of cost-effectiveness and sustainability and fulfill the highest safety standards. Easily expandable and quick to dismantle, their versatility is practically unparalleled. In addition to conceptualization, realization, and dismantling, we will also be pleased to take over the operation and overall responsibility for your project upon request.

Stages

In all conceivable sizes, shapes, and designs

Modular construction on every scale, quickly built, safe, and spectacular

Grandstands
Arenas
