

Grandstands, Stadiums and Arenas

Applause for Your Event

FIVB Beach Volleyball World Championship, Vienna

We provide the perfect setting to put your event in the spotlight. With temporary or additional grandstands, stadiums and arenas by NUSSLI, you can offer your audience the best view from every position.

Sustainable, flexible and cost-efficient from conception, to planning to installation, NUSSLI constructs temporary grandstands and arenas in every size and for every occasion – whether you need standing room for a hundred or a stadium for 50,000 visitors. We also ensure comfortable and safe spaces for audiences, even on difficult terrain, in the water, on snow-covered mountain slopes or at protected historical sites. Highly trained and experienced staff ensure safe, on-time and accurate assembly and disassembly appropriate to the situation.

Services to give Fans the Best View

NUSSLI grandstand systems can be flexibly combined, constructed and equipped according to your needs – from temporary indoor or outdoor grandstands, to a stadium extension, to a turnkey temporary arena. Certified according to European and International standards, they can be used anywhere in the world.

Grandstand Seating
Optimal line of sight

VIP Grandstand
Comfort in the spectator seats

Standing Room Grandstands
Safety for standing fans

The Right Grandstand System for Your Event

Our various grandstand systems allow the pitch, row depth, and seating system to be configured precisely to the requirements of each individual event.
