

# Stages

Unforgettable Presentations Guaranteed

Electric Zoo Festival, New York

Whether it's for sporting, cultural or business events, NUSSLI platforms allow creative freedom in functionality, design and choice of location.

NUSSLI

NUSSLI builds stages and backdrops in all conceivable shapes, designs and sizes, and on any surface. Our stages are flexibly adapted to meet your requirements. They are the ideal support structures for unusual sets and heavy equipment, and provide maximum design flexibility.

## Services for your Big Show

The versatility of the NUSSLI stages in terms of shape, size and design match the eclectic nature of our clients' events. Our stage systems can be combined with each other and can be constructed and equipped according to your requirements.

# Matching Stage Systems and Backdrops

NUSSLI offers the right stage system for every event and installs stage sets and backdrops in all conceivable forms. Our stages meet the most stringent safety requirements and ensure perfect weather protection – even if they are located in the water or on sand. In addition to variable stage depths and heights, a valid inspection book is standard on every stage.

## Arched Stages

- Plenty of space for extraordinary performances
- Elegant stage design
- 16 to 23 m usable width
- Transparent or opaque tarpaulin
